Contemporary media skills

Media and channel choices

Comprehensive review of media and channel choices, with pros and cons of each combination of medium and channel

Indicates that channel choice is important but doesn't appear to offer much advice on how to choose media/channels

Writing for mobile audiences

Extensive hands-on advice throughout, including writing and designing messages for mobile devices and integrating mobile devices in presentations; more than 30 mobile screenshots and model documents; review and analysis questions on mobile topics plus communication cases that require students to craft messages for mobile devices

Covers text messaging, but the index doesn't indicate any advice on crafting effective written messages such as email for mobile readers.

Business applications of social networking

Comprehensive insights and advice for using social media, including an overview of the social communication model, the nine compositional modes for writing digital and social media content, and communication strategies for business social networking, supported by more than a dozen social media figures and a dozen social media cases

Descriptive overview of various social media platforms, but limited advice for students on crafting social media content.

Business messaging (including IM, text messaging)

Workgroup messaging systems such as Slack are replacing email for millions of professionals; the 13th Edition offers in-depth advice for using this important channel.

Basic advice on text messaging and instant messaging; index doesn't suggest any coverage of workgroup messaging systems such as Slack

Blogging and microblogging (Twitter)

Comprehensive coverage of the business applications of blogging and microblogging, with multiple examples and practical advice for both formats (pp. 236–241); a variety of activities and cases that involve blog writing and tweeting give students practice with these important channels.

Brief list of benefits of business blogging, with only a sentence or two of practical advice for writing business blogs; one paragraph of advice on using Twitter

Email

Offers detailed advice on crafting compelling email subject lines and up-to-date advice on using emoticons and emojis in digital media

Good overview of email elements, emoticons, and levels of formality, but only cursory mention of the all-important email subject line

Podcasting

Solid overview of this growing business format, along with multiple activities and cases for students to develop writing and recording skills

Podcasts are not mentioned in the index, other than for citing podcasts as sources

Presentations

In-depth discussion of linear (e.g., PowerPoint) vs. nonlinear (e.g., Prezi) organizational models, advice on choosing structured vs. free-form slides, numerous attractive slide examples, tips on using digital media *backchannels*, and numerous attractive sample slides

Good coverage of presentation contexts and strategies; basic information on slide design, but no advice on choosing linear vs. nonlinear organization or structured vs. free-form design

***Business Communication:
A Problem-Solving Approach 1e***

Interpersonal communication	Offers two full chapters with in-depth advice on eight vital aspects of interpersonal communication: listening, nonverbal communication, conversational skills, conflict management, negotiation, teamwork, collaborative communication, and productive meetings.	Addresses the same set of topics, with comparable coverage of nonverbal communication and collaborative writing but less coverage of the other six areas.
Intelligent communication technology	To prepare students for the artificial-intelligence (AI) systems they are likely to encounter during their job searches and in the workplace, a new four-page visual feature, "Empowering Communicators with Intelligent Communication Technology," shows more than a dozen communication uses of AI and eight new highlight boxes look at innovations ranging from augmented writing tools to résumé bots	Nothing comparable listed in index
Authentic personal branding	Students often hear they should develop a personal brand, but the process can seem confusing or artificial; the 13th Edition presents step-by-step advice for crafting and using an authentic personal brand statement	No mention in the index and no comparable coverage in the job search chapter
Model documents	More than 70 annotated model documents; 20 annotated before/after pairs that show students specific ways to improve messages and documents.	36 annotated model documents (this includes the Annotated Example features as well as regular figures later in the book); one before/after pair (pgs. 582–583)
Storytelling/narrative technique	Today's businesses recognize the power of storytelling; the 13th Edition teaches narrative technique as a way to organize documents, presentations, and even career planning	No coverage listed in the index
Résumés	Model résumés based on real-life job openings, showing students how to respond to important clues in job descriptions, how to incorporate key words, and how to adapt résumé content to different opportunities	Nothing comparable
LinkedIn profiles	Two pages of detailed advice for creating a compelling profile	One highlight box
Employment interviews	Devotes 16 pages to interviewing, with in-depth coverage of the interview process and practical advice for succeeding with phone, video, and AI-enabled interviews	Devotes 4 pages to interviewing from the candidate's perspective
